

Dea-311. 4-6. Surely, he hath born our griefs

I turn aside from the line of thought which I had marked out for a few weeks, ^{with} somewhat of the feelings of one who has heard a chimered voice &c.

It is the voice of him who hangs on the cross &c. The eyes seem to hold their breath &c. The long tapering fingers of prophecy & Modern eyes. All the hearts of our sadly sinning race have sighed for the Cross. Believing souls &c. There is no place we love to go so well as to Calvary. This place we need to linger so long &c. Linger in this thus & the refrain of the Prophet fills our hearts -

All we like sheep & Witnef our wandering &c. Life wandering sheep &c. Nothing more perverse though the sheep is made use of to ill &c. Still a lost & How like ourselves. Go away - Listen to us voice Heaped up iniquity &c. Sins more than the hairs &c.

As effect follows cause, the results of sin &c
To save us Christ died for us, He who knew no sin
He who was in the bosom of the Father took the sinners place
He took the dying traitors place &c"

The gift of the God-head - the Father giving the Son & the Son
giving himself, & by D. power becoming incarnate
in a manhood so glorious - lovely, Making an offering
for sin, Every death & opening the way to heaven
is Gods gift to men - It stands unique & alone

Christ's oblation for us & more to the
crushing every part of his nature &
should smite our hearts to deepest
punishment & love

He was chastised, wounded, bruised
The tragic story of his suffering, has
thrilled the hearts of the world.

In those few short hours were crowded
Christ &c that crushed out the human life
Before he is condemned - the thorns &c
severed - hurried away &c -

But this was but a little part, There was

There was the ² opening of the inner life
There was the mental suffering. the soul as
the son of a soul wounded even to mould
His pain kept constantly pierced, by the
Occasionally it poured itself out the W bed of pain
But deepest & most awful his soul &
made in it. The accumulation in the curse
It pleased the Lord to be him &
overwhelmed him & caused him to cry &
"If it be possible" & swore & All this
The incurrence only to see me
What is the effect upon us. Various
still depined & rejected. A root &
to hear the sorrows then heart felt & -
To some it brings reconciliation with God
"The condemnation" Attainment means
Cured from the disease of sin "By his stripes"
From him as from the sin stone rock & of Jordan
to the blood of Jesus to the sin stone rock
It means the living burden bearer is him
He bears our griefs & he does it still. Cast &
He lingers around the crop this is an
The darkness that rested on Suleim's &
We see of the travel of his soul &
We hear the voice of the same warrior
The crop is a changed crop.
Christ reigns. "The brow that once &
"I am trusting" &

"Hail Altus awful Victim hail
Whose glorious pain did us prevail
Whose life our death did restore
By dying life evermore"

Thomson
